

**Fluting-iron.** A species of laundry-iron which flutes the clothes. In the example, the iron has a segmental corrugated face, and works upon a flat corrugated bed.

An *Italian*-iron; a *quaffering*-iron.

Fig. 2044.

*Fluting-Iron.*

**Washing-shield.**

A corrugated palm-shield or armor to protect the person and form an effective surface for rubbing, or upon which to rub the clothes.
