The narrow hem top prevents the garment from falling, because the clasp is attached to the lower edge. It is a good idea to use the clasp when sewing a garment.

Directions for Stitches in Crochet

CHAIN: A series of stitches or loops, each drawn with the hook through the stitch made previously. 

SILK-STITCH: Drop the stitch on hook, insert hook in work, pull up loop through stitch and draw through. This is used as a plain-stitch where very close stitches are needed, or for single point, or one point, or point without a point. 

Single Crochet: Having a stitch on needle, make a loop around the thread, and draw through work and stitch on needle at same time. 

Double Crochet: Having a stitch on needle, as in previous directions, insert hook in work, pull thread and draw through, and draw through work and stitch on needle at same time. 

Treble Crochet: Thread over needle, hook through work, thread over and draw through work, and make the stitch. 

Lace treble crochet, until you have the three threads on needle; hook through work, and draw through all at once, instead of making them over two at a time. 

Louz treble crochet: Like treble, until you have the three threads on needle; hook through work, and draw through all at once, instead of making them over two at a time.
