Here are 2 samples of the useful 2-harness Log Cabin weave. The main sample is the Lily Article 714, Black-841, and Article 514, Wine-1522, Warp reversed, and Article 714, Wine-K-108, double. One of these colors, Article 514, Black-841, and warp may be used instead of the double strand of Article 714. The tiny sample is given for comparison. It shows the Log Cabin weave when identical material in two colors is used for warp and weft. In this case, 18/2 worsted at 24 ends per in.
