

John H. Hartman

Department of Computer Science
The University of Arizona
Tucson, AZ 85721

jhh@cs.arizona.edu
520-621-2733
<http://www.cs.arizona.edu/~jhh>

Education

Ph.D. (Computer Science) University of California at Berkeley, December 1994
Title: "The Zebra Striped Network File System"
Advisor: John K. Ousterhout
M.S. (Computer Science) University of California at Berkeley, May 1990
Title: "Performance Measurements of a Sprite Multiprocessor Kernel"
Advisor: John K. Ousterhout
Sc.B. (Computer Science) Brown University, May 1987

Professional Experience

University of Arizona
Associate Professor in Computer Science, 2001-present
Princeton University
Research Fellow, August 2003 - January 2004
Progeny Linux Systems, Inc.
Chief Scientist, 2001-2007
CTO and Founder, 2000-2001
University of Arizona
Assistant Professor in Computer Science, 1994-2001
University of California at Berkeley
Research Assistant in Computer Science, 1988-1994
Teaching Assistant in Computer Science, 1987-1988
Brown University
Undergraduate Teaching Assistant in Computer Science, 1985-1987
Microsoft Corporation
Summer Intern, 1987 & 1988
IBM Federal Systems Division
Summer Intern, 1986

Awards and Honors

Graduated *magna cum laude* from Brown University, 1987
California Fellowship in Microelectronics, 1987

Research Support

Co-Principal Investigator: *Accelerating Comparative Metagenomics through an Ocean Cloud Commons*, NSF (\$496,066), 2017-2019

Co-Principal Investigator: *Give Your Data the Edge: A Scalable Data Delivery Platform*, NSF (\$3,804,911), 2015-2019

Co-Principal Investigator: *Virtual Watts: Energy Management in Virtual Environments*, NSF (\$300,000), 2008-2011.

Principal Investigator: *A Provisioning Service for Long-Term GENI Experiments*, BBN Technologies Corp. (\$300,000) 2008-2011

Co-Principal Investigator: *Energy: A Crucial Resource in Cell Phone as a Platform for Health Care*, Microsoft (\$94,000), 2008-2009

Principal Investigator: *Bootstrapping Broad-coverage Network Services*, NSF (\$94,000), 2004-2005.

Co-Principal Investigator: *Better Fault-Tolerance via Application-Enhanced Networks*, DARPA (\$1,291,485), 2000-2003.

Principal Investigator: *Liquid Software: A New Paradigm for Networked Systems*, DARPA (\$1,443,000), 1996-1999.

Contributing Investigator: *A Laboratory for Scalable Systems*, NSF (\$1,000,000), 1995-2000.

Principal Investigator: *A Caching Infrastructure*, NSF Career Program, (\$200,000), 1996-2000.

Principle Investigator: *Scout: A Communication-Oriented Operating System for the NII*, DARPA (\$1,336,706), 1995-1999.

Faculty Associate: *Operating System Support for Scalable I/O*, Subcontract from Cal Tech (\$462,615), 1995-1999.

Co-Principal Investigator: *Scalable Network Storage via Software Specialization*, Intel Corporation, (\$76,000), 1995-1996

Principal Investigator: *Scalable Network Storage*, AT&T Foundation, (\$10,000), 1995-1996

Journal Publications

Invited Talks

"Network-attached Storage", IBM Tucson, 1998.

"The Swarm Scalable Storage System", Joint Storage Networking Industry Association (SNIA) and National Storage Industry Consortium (NSIC) Workshop, March 1998.

"Network-attached Storage", Network Appliance Corp., November 1997.

"Scalable Network Storage", IEEE Broadband'97 Workshop, January 1997.

"Empowering the Clients", HICSS-30 Task Force on Network Storage Architecture, January 1997.

"File Append vs. Overwrite in a Sprite Cluster", LADDIS SPEC benchmark committee, January 1992.

Professional Activities

Program Committees:

NSDI '06
Supercomputing '02
OpenArch '02
OSDI '99
IOPADS '99
SIGMETRICS '98
ICPP '98

NSF Panels:

PDOS 2005
CAREER 2003

Referee:

IEEE Computer
ACM Computing Surveys
IEEE Transactions on Computers
Symposium on Operating Systems Principles
International Conference on Architectural Support for Programming Languages and Operating Systems
International Symposium on Computer Architecture
USENIX conference
SIGGRAPH conference
OSDI
NSDI

Member:

ACM
IEEE
USENIX

Served as local arrangements chair for HotOS-VII 1999.

Served as local arrangements chair for Hot Mobile Workshop 2007.
