Java's Checked and Unchecked Exceptions – A Sampling

Some <u>Checked Exceptions</u> (those of class `java.lang.Exception`):

AclNotFoundException	ActivationException
AlreadyBoundException	ApplicationException
AWTException	BadLocationException
ClassNotFoundException	CloneNotSupportedException
DataFormatException	ExpandVetoException
FontFormatException	GeneralSecurityException
IllegalAccessException	InstantiationException
InterruptedException	IntrospectionException
InvalidMidiDataException	InvocationTargetException
<u>IOException</u>	LastOwnerException
LineUnavailableException	MidiUnavailableException
MimeTypeParseException	NamingException
NoninvertibleTransformException	NoSuchFieldException
NoSuchMethodException	NotBoundException
NotOwnerException	ParseException
PrinterException	PrivilegedActionException
PropertyVetoException	RemarshalException
RuntimeException	ServerNotActiveException
SQLException	TooManyListenersException
UnsupportedAudioFileException	UnsupportedFlavorException
UnsupportedLookAndFeelException	UserException

Checked IOExceptions (those of class `java.lang.IOException`):

ChangedCharSetException	CharConversionException
EOFException	FileNotFoundException
InterruptedIOException	MalformedURLException
ObjectStreamException	ProtocolException
RemoteException	SocketException
SyncFailedException	UnknownHostException
UnknownServiceException	UnsupportedEncodingException
UTFDataFormatException	ZipException

Some <u>Unchecked Exceptions</u> (those of class `java.lang.RuntimeException`):

ArithmeticException	ArrayStoreException
CannotRedoException	CannotUndoException
ClassCastException	CMMException
ConcurrentModificationException	EmptyStackException
IllegalArgumentException	IllegalMonitorStateException
IllegalPathStateException	IllegalStateException
ImagingOpException	IndexOutOfBoundsException
MissingResourceException	NegativeArraySizeException
NoSuchElementException	NullPointerException
ProfileDataException	ProviderException
RasterFormatException	SecurityException
SystemException	UndeclaredThrowableException
UnsupportedOperationException
