

QUIZ!

## Quiz Stuff

Use a full sheet of 8½x11" paper. (Half sheet? Half credit!)

To avoid a one-point deduction, put your last name and NetID in the far upper left hand corner of the paper, **where a staple would hit it**. (It helps with our paper handling!) Like this:

*Mitchell, whm*  
.....

No need to write out questions. Number responses if you'd like, but that's not required. Keep answers short to save time.

Questions are worth ½, 1, 1, and ½ points, respectively. There's a ½-point extra credit question.

You'll have 3 minutes on this quiz.

Last name, UA NetID,  
here

Quiz 14, December 4, 2013  
3 minutes; 3 points (1/2, 1, 1, 1/2);  
1/2 point E.C.

USE FULL 8½x11"  
SHEET OF PAPER!

1. When using jQuery, what is **typeof(\$)**?
2. In a few words, explain what the following jQuery-based expression does:  
**\$("#p").text("xyz")**
3. In a few words, explain what the following jQuery-based expression does:  
**\$("#box").click(function () { \$(this).append("x"); })**
4. Write an anonymous function that does nothing but return the value 7.

E.C. (1/2 point):

The "x" in "Ajax" stands for XML. What's a little inaccurate about that?
