

QUIZ!

Use a full sheet of 8½x11" paper. (Half sheet? Half credit!)

Put only your last name in the far upper left hand corner of the sheet, where a staple would hit it. It's OK to write **BIG**, just start in the corner!

Mitchell

AVOID A ½-POINT DEDUCTION!

Keep answers short! Avoid full sentences. Feel free to abbreviate.

5 questions; 2.5 minutes; 2.5 points. Plus one E.C. question.

Numbering responses may help you avoid overlooking a question. You may go ahead and number your paper.

Quiz 5, September 21, 2015

Time: 2:30

1. Required reading has been assigned in one book. What's the name of the book?
2. True or false: The largest integer that can be represented with two bits is 3.
3. Show an example of using the `iprint(e)` macro. (Only code!)
4. The header file `/usr/include/elf.h` has some macros you'd like to use. Write a line that uses a preprocessor directive to "include" the contents of that file.
5. Tell me any one thing that comes to mind from the book referenced in #1. (If you haven't read anything yet, just say so!)

EC ½ point: What's the subtitle of the book referenced in #1?

Solutions

1. *Required* reading has been assigned in one book. What's the name of the book? The Pragmatic Programmer
2. True or false: The largest integer that can be represented with two bits is 3. False. There's no limit!
3. Show an example of using the **iprint(e)** macro. (Only code!)
iprint(3);
4. The header file **/usr/include/elf.h** has some macros you'd like to use. Write a line that uses a preprocessor directive to "include" the contents of that file.
#include <elf.h>
5. Tell me any one thing that comes to mind from the book referenced in #1. (If you haven't read anything yet, just say so!)

EC ½ point: What's the subtitle of the book referenced in #1?
