QUIZ!

Use a full sheet of 8½x11" paper. (Half sheet? Half credit!)

Put **only your last name** in the **far upper left hand corner** of the paper, where a staple would hit it. (It's OK to write BIG, just start in the corner!)

Mitchell   **AVOID A ½-POINT DEDUCTION!**

Numbering responses may help you avoid overlooking a question; it's ok to go ahead and pre-number your sheet.

Feel free to abbreviate, like **otw** for **otherwise**.

3 minutes; 2 points for taking it

1. Fill in the blank with an anonymous function that makes it work:

    > map (_____) [10,20,30]
    [15,25,35]

2. Write **flip** and **uncurry**. Reminder:

    > flip take [10,20,30]
    [10,20]

    > uncurry take (2,[10,20,30])
    [10,20]

3. Have you created a Chrome "search engine" or Firefox keyword, as described in *O(1) Navigation on the Web with "Custom Search Engines"*?

Solutions

```
> map (\x -> x + 5) [10,20,30]
[15,25,35]
```

flip f x y = f y x

uncurry f (x,y) = f x y
