WE SUPPLY YARN AND PAY FOR KNITTING

Clearfield, Penna..

This is the
Original
"Gearhart"
Family
Knitter

Dear Friend: -----

Nearly 100,000 people have purchased this same Gearhart Knitting Machine we are offering to you. Our co-operative plan is as sound as a dollar. We have been making Knitting Machines for home use for thirty-one years, have always been located in Clearfield and because of our liberal co-operation with our workers they will back up the statements we make for the Gearhart Machine.

We are not offering you a "get rich quick proposition" or "selling scheme" but a home Knitting Machine which will always be an earner for you and sold at a price that the average home can afford. Our plan to pay you for knitting gives you an opportunity winter or summer to turn your spare time into dollars.

To increase your regular income or build a bank account of your own we know of no easier or more substantial way whether or not you are now employed or no difference where you live. You will use the machine in your own home and whenever you like, with no one else knowing of your purchase until you will be proud to show them the beautiful knitting you will do and the amount of your earnings.

If you could visit our large new factory and see some of our Knitting Machines in operation, we know you would take one back home with you. The Machine is simple in construction and easy to operate and we guarantee our claims for it. If you will take advantage of the enclosed renewed offer within the time limit we will still send to you the three pounds of free gift yarn with your purchase and replace free all the yarn in your knitting, to carry on the industry as our other workers are doing.

Why not fill out the enclosed "Pink" order form today and become one of our independent, happy workers immediately to turn your hours into knitting and earning. Other members of your family can help too and make your home a beehive of profitable industry.

Every hour you delay ordering is that much earnings lost. May we hear from you now?

Yours sincerely,

EJG/AM

GEARHART KNITTING MACHINE CO.

Letters from a Few Owners

STARTS WITH ONE MACHINE, NOW BOSS OF MANY.

"I had one of your machines for two years and now we have several Gearhart Knitters in operation, turning out over 2,000 pair of socks a week. We consider that you have a perfect machine and most wonderful. We write this to you that you may tell others to start knitting also."

M. D. M. New York.

USED OLD ONE 30 YEARS—BUYS NEW ONE.

"It may interest you to know that about 30 years ago my father purchased one of your Gearhart Old Style Knitting Machines which we used many years in knitting for our family of twelve.

"I herewith enclose money and order for one of your new Standard Knitters."

M. C. S. Tacoma, Wash.

BEAUTIFUL YARN AND KNITTING.

"I have made 9 pair of sample socks and I have sent them to 9 different stores for exhibition. I pride myself in saying I have been able to turn out a beautiful pair of hose with your machine and your yarn. Your yarn seems to make a 'hit' with everyone that has seen it and you can expect some orders from me in the near future."

W. J. H. Sheboygan, Mich.

KNITS A VARIETY OF HOISERY.

"Since I received the new cylinder from you I have knit nearly 8000 pair of socks.. I now want a cylinder for finer work. Everything is going along nicely."

L. DL. Philadelphia.

NOTHING MORE SIMPLE TO LEARN.

"I received my outfit in No. 1 condition and find that same is just as represented by your firm. At first will admit that I was a little bit discouraged but now I think there never was anything more simple to learn. The last pair of socks I made were nicer than any I ever bought from the store. Different people have asked me to make them a pair and after I get started I believe I will have more than I can do to supply home trade."

Mrs. L. R. B. Lykens, Pa.

\$30.30 WORTH A WEEK.

"I have owned one of your machines since March last and it has proven your words more than true. I have taken in as much as \$30.30 in one week and everybody is just rushing to get their hoisery that I cannot fill the orders on time. On one machine I put up \$5.00 and \$10.00 worth per day."

A. McI. Chicago, Ill.

FINDS GOOD MARKET AT HOME.

"Your kind letter and yarn at hand and many thanks for same. Last winter I sold 90 pair of socks and 135 hockey caps all made on the Gearhart Knitting machine. I will have a bigger line up this coming winter."

A. D. E. Munice, Ind.

2000 PAIR WITHOUT BREAKING A NEEDLE.

"I have been knitting with one of your machines for three years. I have made 2000 pair of socks on one of your machines without breaking a single needle."

N. C. E. E. Irvington, N. Y.

ELEVEN YEAR OLD GIRL'S SPEED.

"We are doing fine with the little Knitter. My eleven year old girl can knit about 12 pair a day."

J. R. T. Dunlap, Tenn.

HE IS CRIPPLED—MAKES MONEY KNITTING.

"Just a few words about the lovely little machine I have bought from you. It is just the thing for a crippled up man as I am. It is making a nice little sum of money for me on the side and I am well pleased with it. I have now made and sold 110 pair of socks so you may see that the machine has nicely paid for itself."

H. P. Hawks, Mich.

A KNITTING FACTORY IN TEXAS.

"We have a well organized knitting machine room; using twenty-two Gearhart machines and working quite a force. We have been very successful and we made 3,600 pair of socks in less than six weeks, which you may see by our record. The longer your machine is used the better it is but we want to order four new ones."

Mrs. T. W. Texas.

HAS MADE OVER 1,000 PAIR.

"On my machines I have just completed 1050 pair of hose. It does the best kind of work and your name should be praised for giving this opportunity to hundreds of people. I thank you for all courtesies."

L. S. Louisville, Ky.

LEARNS TO KNIT IN TWO HOURS.

"Under separate cover I am sending you 6 pair of hose knitted according to your instructions. I am pleased with the machine and learned to operate it quickly and easily. I was operating the machine less than two hours after receiving it."

Mrs. W. G. G. Payette, Ida.

OVER 1560 PAIR OF SOCKS ALONE.

"In sixteen months I have made over 1560 men's socks and 88 stump socks. I have been instrumental in getting a good many"

Mrs. I. H. E. Washington, D. C.

RUNS STANDARD KNITTING MILL.

"I have a Standard Gearhart Knitting Outfit which my father gave to me for Christmas as he is up in years now. As you people know, he ran the Standard Knitting Mill near here and got his start from you people some years back."

G. W. Watson, Pa.

LEARNED IN LESS THAN TWO HOURS

"Received my Knitting Machine on the 3rd inst. and I am very much pleased with it."

"I unpacked it and by the aid of the instruction book I had it set up and commenced knitting in less than two hours."

"The knitting is nice, clean interesting work."

Mr. J. A. Bivaoik, Minn.

NO PREVIOUS EXPERIENCE AS A KNITTER NECESSARY
